MEMORANDUM FOR:

THROUGH :

SUBJECT :

Moscow Area Command and Control

REFERENCE :

Requirement NSA/V24/R-140-74  
(NPIC Project 340001)

25X1A

TK  
LOAN COPY  
RETURN TO DSB  
IH1107, Hq.

1. This memorandum is in response to your request for dimensions and functions of bunkers and other structures located at the Chaadayevka Alternate Headquarters Penza East [REDACTED]

25X1A

2. [REDACTED] missions [REDACTED] were used to compile the information annotated on the two attached photographs. The buildings and other structures depicted in blue are those structures which have been constructed since the initial report on the Chaadayevka facilities was published in [REDACTED]

25X1

25X1

25X1

3. Because of heavy foliage throughout the area, it was not always possible to follow entire fencelines or to identify all structures, however, both the wooden and wire fences have been illustrated when possible. In some cases, no fenceline was visible. The large buildings previously identified in the above report as apartment buildings have now been identified as four-story barracks.

4. Building dimensions and other pertinent information are given in a table which is inset on each photograph. Dimensions of most buildings and bunkers are overall dimensions. When possible, dimensions of the concrete bunkers were made while they were still under construction, before being earth mounded. Other bunker dimensions were made from selected points on the roofs after they were completed and could vary considerably from bunker to bunker. In cases where buildings were bi-level, the heights were taken from the predominant portion of the building rather than from each level.
